

Asil Arabian Breeders Alliance

Desert Origin Asil Arabian Database User Guide

Welcome to the User Guide for one of the most exciting opportunities for preserving the Asil Arabian horses, dwindling in numbers globally.

Follow the steps in the guide in order to learn how to access and utilize the Database. There are photographs and explanations we have included to make the experience seamless.

We have advanced search options. One can search for horses through sire, dam, strain, and country of origin, etc.

A Few Notable Points

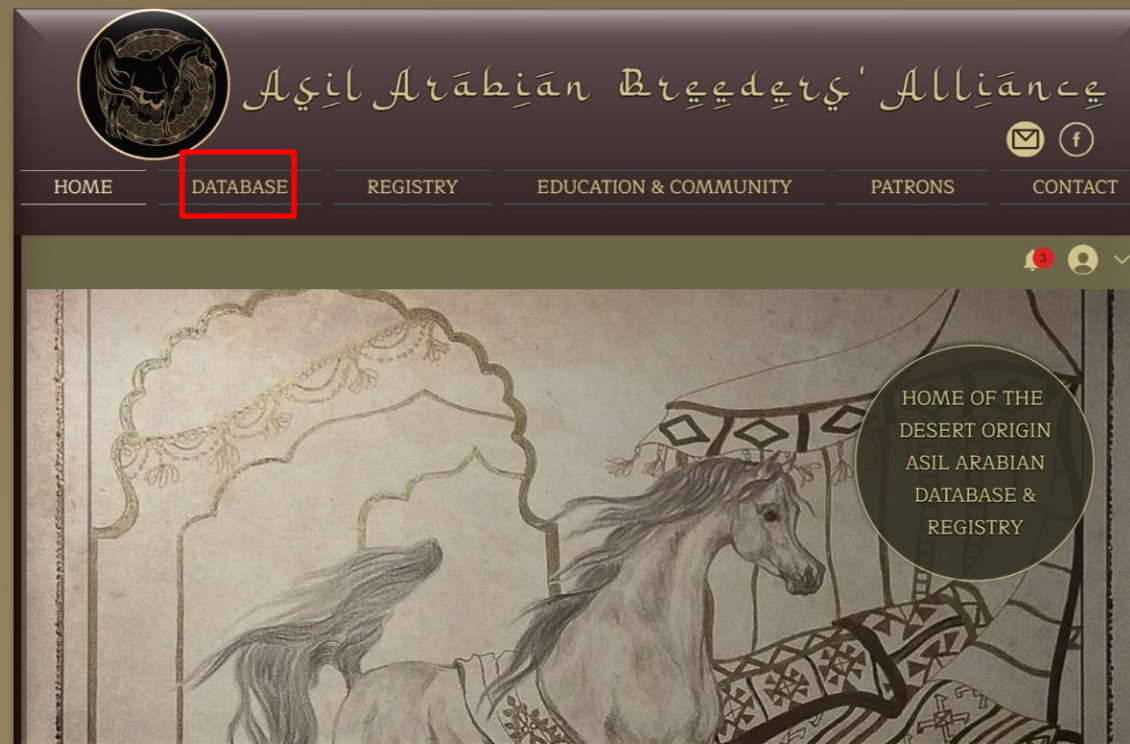

- The Desert Origin Asil Database has the capability of hosting video and photo galleries on any horse entered. The pedigree shows duplications of paternal and maternal lines, as well strains, and offspring.
- At this time, if you find yourself without an option to get back to a page you were on, use your Device's page back directive. You may have to re-enter the horse's name to pull up the pedigree in order to proceed.
- This Database has been designed to catalogue Asil Arabians ONLY. All horses entered in this Database found not to meet the criteria for being Asil will be marked NON-ASIL on their pedigree until they are deleted. The NON-ASIL demarcation will also populate on progeny.
- Only Database Administrators have access to deleting horses, photos, and video. If you need something deleted, on the Pedigree Page, there is a button for REPORT ERROR AND UPDATES. Follow the prompts to report the error or what you need deleted, and an Administrator will address your concerns. This said, PLEASE be diligent to avoid multiple duplications of the same horse. This is easily avoidable, and we deeply appreciate your time and attention.

You can sign-up if it is your first time or choose Log In if you have already created your free account. These credentials will open the Database page on the website. Please note if you have previously logged in, you will remain logged in unless you log out. You also have access to your Member Pages from the Home Page Member Bar drop down menu

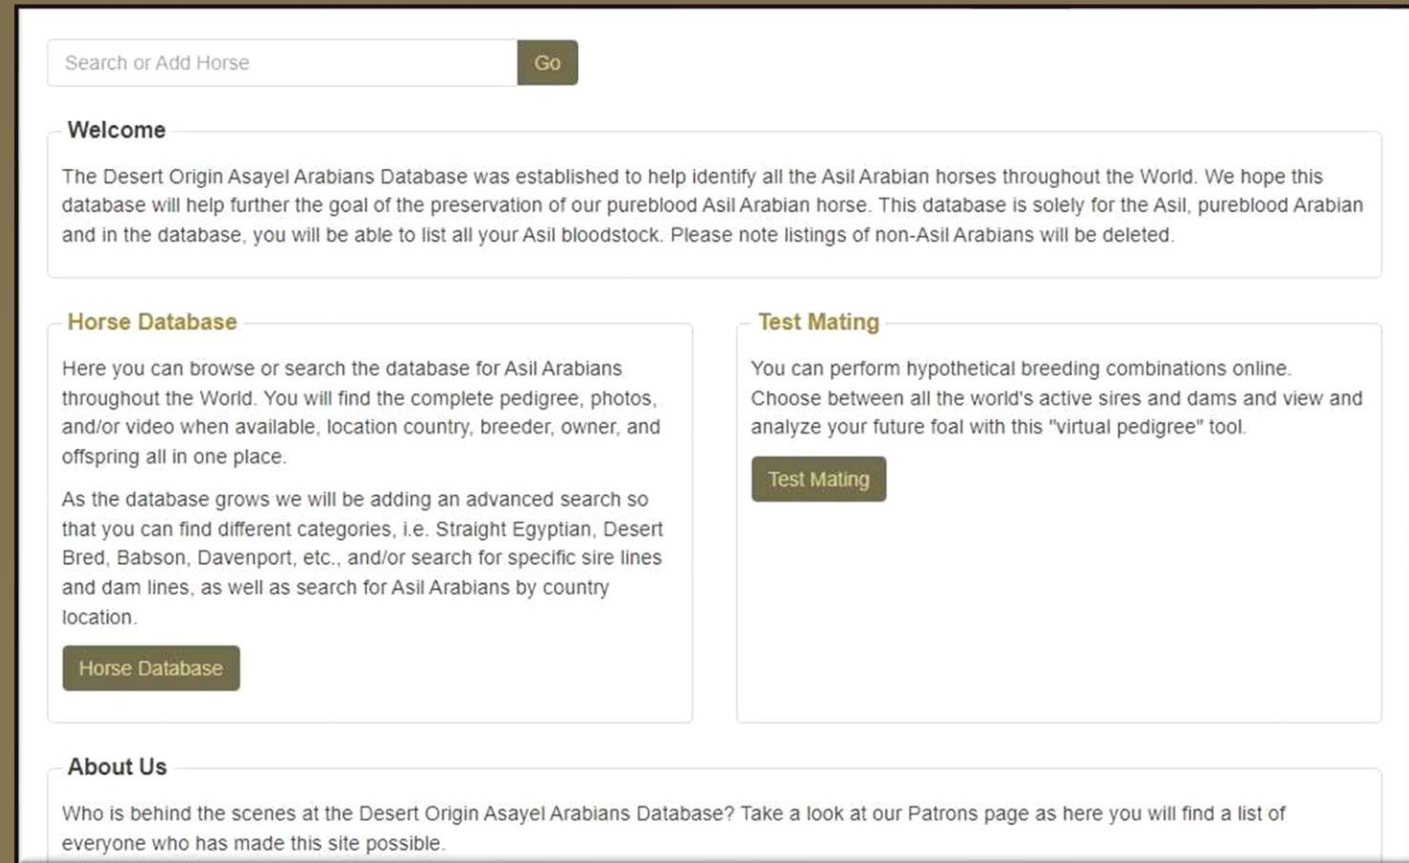

After You Have Logged-In

The page for the Database will open, and you will see the page in full. If you scroll to the bottom of the page, click to **GO TO DATABASE NOW** to search or add Asil Arabian horses from all over the world.

Welcome to the Database!

The top of the page features the logo for the Database and when you scroll down, you will see the search bar to search or add a horse.

AS LONG AS YOU ARE INSIDE THE DATABASE,
YOU MAY NEED TO USE YOUR DEVICE'S AUTO-
BACK OPTION OR RE-ENTER THE HORSE'S
NAME TO CONTINUE WITH YOUR PEDIGREE

How to Search the Database for an Asil Arabian

For the purposes of this example, we will search for AZIZ IBN FAHARI MH and follow the path. Type the name in the search box, then click Go.

Aziz Ibn Fahari MH

Welcome

The Desert Origin Asayel Arabians Database was established to help identify all the Asil Arabian horses throughout the World. We hope this database will help further the goal of the preservation of our pureblood Asil Arabian horse. This database is solely for the Asil, pureblood Arabian and in the database, you will be able to list all your Asil bloodstock. Please note listings of non-Asil Arabians will be deleted.

Horse Database

Here you can browse or search the database for Asil Arabians throughout the World. You will find the complete pedigree, photos, and/or video when available, location country, breeder, owner, and offspring all in one place.

As the database grows we will be adding an advanced search so that you can find different categories, i.e. Straight Egyptian, Desert Bred, Babson, Davenport, etc., and/or search for specific sire lines and dam lines, as well as search for Asil Arabians by country location.

Test Mating

You can perform hypothetical breeding combinations online. Choose between all the world's active sires and dams and view and analyze your future foal with this "virtual pedigree" tool.

About Us

Who is behind the scenes at the Desert Origin Asayel Arabians Database? Take a look at our Patrons page as here you will find a list of everyone who has made this site possible.

Once we are up and running we hope that we can populate our database with Asil horses from breeders all around the world. Please, if you find

How to Add a New Asil Arabian to the Database

This will look familiar from searching for a horse already in the database. To ADD a horse, the horse MUST BE ASIL. All entries are validated and will be marked NON-ASIL if they are found not to meet the criteria of being considered Asil, until they are deleted. Enter the name of the Asil Arabian you wish to add to the Database. Click Go. For the Purposes of illustrating adding a horse, we will use HADAYA PRINCE AZIZ.

Hadaya Prince Aziz

Welcome

Test Mating

You can perform hypothetical breeding combinations online. Choose between all the world's active sires and dams and view and analyze your future foal with this "virtual pedigree" tool.

First, confirm the horse is not listed,
then choose Next to add a new Asil Arabian to the Database!

These names closely match the name you entered (Hadaya Prince Aziz).

If the name you want to use is not on this list, scroll to the bottom and click the button there.

Name	Year	Sex	Born	Breed	Level	Sire	Dam	DamSire
No data available in table								

Click the 'Next' button to use the name you entered (Hadaya Prince Aziz).

Next

The following prompt will be to enter the Sire. After clicking Next, a similar prompt will appear to enter the Dam

Enter the name of the sire to use for Hadaya Prince Aziz
If you do not know the sire select the Unknown Sire link

[Cancel](#) [Unknown Sire](#) [Next](#)

First verify the Sire has not been entered previously, which would be illustrated in a list below the horse's name you entered. If your Sire or Dam doesn't populate on a list, CLICK NEXT to continue adding to your pedigree.

Please note how the search will populate horses already entered in the Database. From here to add a horse which correctly matches in your pedigree as the sire or dam, you can click the individual horse.

These names closely match the name you entered (Kaliph MH).
Please select the correct horse from the list. If the name you want to use is not on this list, scroll to the bottom and click the Next button.

Name	Year	Sex	Born	Breed	Level	Sire	Dam	DamSire	CompSort
